Importance of animals

Indeed, humans have benefitted from this unique connection for thousands of years. Animals were so essential to the daily lives of early humans that there is evidence we may not have survived or thrived without them. Anyone who has ever had a pet or working animal probably doesn't need a scientific definition of the bond shared. The connections we share with our dogs, cats, birds, horses, llamas, etc., go deeper than words. Our animals can sense our moods, and have the ability to bestow a ...
