SnowmobileData.com - Arctic Cat Snowmobiles - by engine size

It's no secret that 2-stroke triples used to be "King of the Lake" when it came to all-out performance. They still rule when it comes to racing machines too, but you won't find ANY in the Big 4's product lines. 4-strokes can be had in both 3- and 4-cylinder versions, but all production 2-strokes all the way up to 1000cc are now 2-cylinders. "You will never see a big triple again," said one U.S ...

2-stroke triple snowmobiles comeback! | American ...

Arctic Cat's Dual Stage Injection (DSI) 2-stroke also delivers strong mpg. Up until the arrival of the Ski-Doo ACE 4-strokes, the best fuel economy in any horsepower category was attributed to the Rotax 600 E-TEC. Here's the good news: It looks like this debate will rage on for some time to come.

Each snowmobile manufacturer offers unique branding and packaging of its sled-specific two-stroke oils. Cat's C-TEC2 48-ounce container is easy pouring, while its bright green packaging identifies it as the oil of choice for the new C-TEC2 600cc direct injection twin.

Why OEMs Make Their Own Two-Stroke Snowmobile Oil ...

Naturally, Cat's 9000 Series turbo 4-strokes are Yamahas and Arctic Cat uses Yamaha 4-strokes in some of its touring and utility sleds, too. Why shouldn't Yamaha offer an "everyman's" 2-stroke sled? The demand for one is there from Yamaha fans, dealers would love it and Arctic Cat's 600 2-stroke technology is time-proven and extremely good.
