Mapping Fate: A Memoir of Family, Risk, and Genetic Research by Alice Wexler 3.71 avg rating — 139 ratings — published 1995 — 3 editions

Books by Alice Wexler (Author of Mapping Fate)

Wexler writes as a "vulnerable observer" (anthropologist Ruth Behar's term), with the dual consciousness of a family member who is also a scholar and historian. This well-written and compelling memoir of illness and the family addresses a bounty of issues specific to HD and other conditions about which some knowledge about future risk can be ...

Mapping Fate: A Memoir of Family, Risk, and Genetic Research

Nancy Wexler and the rest of the Wexler family feature prominently in Alice's book, Mapping Fate -A Memoir of Family, Risk, and Genetic Research that describes how the Wexlers coped with an affected mother while simultaneously trying to spearhead HD research. Alice Wexler is now working on a new book on the social history of HD.
