OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

Conservation Of Shadows Yoon Ha

There is no such thing as conservation of shadows. When light destroys shadows, darkness does not gain in density elsewhere. When shadows steal over earth and across the sky, darkness is not diluted. Featuring an Introduction by Aliette De Bodard, Conservation of Shadows features a selection of short stories from Yoon Ha Lee.

Conservation of Shadows by Yoon Ha Lee - Goodreads

There is no such thing as conservation of shadows. When light destroys shadows, darkness does not gain in density elsewhere. When shadows steal over earth and across the sky, darkness is not diluted . . .

Conservation of Shadows: Lee, Yoon Ha: 9781607013877 ...

Conservation of Shadows [short story collection] In this debut collection of short fiction from one of science fiction and fantasy's most notable new writers, Yoon Ha Lee integrates tropes of science fiction with elements of myth to create tales that are wonderfully fresh and deeply ancient. No matter what the theme, her wide variety of stories are strikingly original and always indelible.

Yoon Ha Lee | Conservation of Shadows [short story collection]

This is what Yoon Ha Lee does: writes fiction you don't want to stop thinking about. You might be done reading the book, but the book isn't done with you. To write this review, I've made a bargain with myself: I purchased Hexarchate Stores , so I can dive right into that, and Conservation of Shadows is going to live on the coffee table for a while longer.

Conservation of Shadows, by Yoon Ha Lee | the Little Red ...

There is no such thing as conservation of shadows. When light destroys shadows, darkness does not gain in density elsewhere. When shadows steal over earth and across the sky, darkness is not diluted

Prime Books - Conservation of Shadows by Yoon Ha Lee

Conservation of Shadows (2011) - 4 stars A retelling of The Descent of Inanna (Mesopotamian mythology) written like the narration in a videogame, second person included. It was very weird, but the shadow symbolism was lovely.

or two of hers.

Conservation of Shadows | Eleanor Glewwe

Yoon Ha Lee is one of my new favorites. I first encountered her short stories in several Best of the Year anthologies and immediately loved her. She writes military science fiction with strong women characters. Her prose is strangely beautiful and poetically descriptive. I would place her in a category of the very best up-and-coming writers.

Amazon.com: Customer reviews: Conservation of Shadows

Conservation of Shadows by Yoon Ha Lee is a terrifying collection of short stories to review. The stories themselves are rarely scary in the traditional sense, but their individual complexity and astonishing level of variety make this an impossible book to encompass in just a few paragraphs.
