Eating Disorders: Anatomy of a Social Epidemic by Richard ...

There were stories of girls with eating disorders in magazines. I was a religious reader of Seventeen, CosmoGIRL!, and Teen Vogue. While I read a magazine, I could escape into a world of glamour where I lived a perfect life — I would have glossy hair, cute outfits, a rockin' bod.

Anatomy Of An Eating Disorder | Thought Catalog

Anne Katherine, a Certified Eating Disorders Therapist and former compulsive eater, explains the chemical reactions in the brain that work in conjunction with lifelong emotional conflicts to make food—particularly sugar and refined carbohydrates—such a comfort that it's almost like a drug.

Amazon.com: Anatomy of a Food Addiction: The Brain ...

Eating disorders have been a taboo topic since they first became a viable medical diagnosis, with much of society deeming it a plague amongst teenage girls and high fashion models. There is nothing fun about causing damage to one's body through the use of something that is supposed to be fuel; that cannot be denied.
