## **Global Shift: Mapping the Changing Contours of the World ...**

Global Shift is - quite simply - the definitive work on economic globalization. The extensive use of graphics, lack of jargon, and clear definition of terms, has made it the standard work for the social sciences. This edition has been completely updated using the latest available sources.

## Access Free Global Shift Sixth Edition Mapping The Changing Contours Of The World Economy Global Shift Mapping The Changing Contours By **Global Shift | Online Resources**

Global Shift is rightly one of the most influential books examining the changing geography of globalisation and the world economy. Global in scope, and geographically nuanced, this new edition provides the kind of authoritative account of the interdependent world economy which shapes our lives that is required by those seeking to understand the complexity of changing power relations in the ...
