Model 3, Model Y, S or X owners want to know is how long it will take to charge their vehicle. Unlike a gas car where you can quickly fill up a tank in a moment's notice, with an electric vehicle, it takes a bit more planning, not only to find a charger, but also taking into consideration the length of time it takes to charge.

Think of food as energy to charge up your battery for the day. Throughout the day, you use energy from the battery to think and move, so you need to eat and drink to stay powered up. Balancing the energy you take in through food and beverages with the energy you use for growth, activity, and daily living is called "energy balance."
