How can human service professionals promote change? ... The cases in this book are inspired by real situations and are designed to encourage the reader to get low cost and fast access of books.

Python Cookbook 3rd Edition Review

This book is pretty large and filled with great example code, as one would expect, so you get a lot for your money. The author also wrote the Python Essential Reference, but I think this book is a great choice for beginners or even more advanced programmers who would like to have some good starter code to help solve a problem.

Amazon.com: Customer reviews: Python Cookbook, Third Edition

This book has garnered rave reviews on comp.lang.python, the internet newsgroup devoted to Python. Some examples: "The book is uniformly fantastic, congratulations to the authors!" "I should note that this is not much like a usual Cookbook, which offers quick "do things this way" recipes to follow, almost blindly.
